

## Fully From Life Category Sponsor

## The Florence Academy of Art

**Thank you to the Florence Academy of Art for sponsoring the Fully From Life Category in the 14th International ARC Salon Competition!**

**The Florence Academy of Art**, one of the Art Renewal Center's first approved schools, has been advancing the training and techniques of classical painting and sculpture for almost 30 years. It has formed many skillful artists who are important members of the Realist Art movement of the 21st century. The Florence Academy recognizes the importance of the ARC Salon as an international showcase for classically trained artists through its online and live exhibitions. Through its sponsorship of the "Fully From Life" Category, the Florence Academy hopes to help ARC continue to cultivate the global audience of students, artists and patrons. Students who apply to The Florence Academy of Art seek the language used by Rembrandt, Velasquez, Titian, and the tools to convey their ideas with confidence through the oil or clay mediums. A common visual aesthetic draws them to the classical world (and its renaissance in Florence) to build an artistic vocabulary where beauty and humanity are intrinsic to art. To accomplish this, the Florence Academy's methodology combines intense observation with advanced craft skills. The Florence Academy of Art is accredited by the National Association of Schools of Art and Design (NASAD) as an undergraduate certificate program.

Below are the works from the Fully From Life Category being showcased in the 14th ARC Salon Exhibition. The show will travel to Sotheby's, NY where it will be on exhibit from July 17th - July 27th, 2020. Sotheby's NY is the

premier destination for auction and private sales, where undoubtedly the 21st Century Representational Art Movement will be showcased to an elite audience of collectors and art enthusiasts. All are welcome to attend! For more information visit the [14th ARC Salon Exhibition Page](#).
